President Peter's  
Farewell Address

**Today's Program**

### **Coach Pete's Corner**

I am honoured to end this series of messages with my all time favorite coach, Vince Lombardi, who tells us, "The measure of who we are is what we do with what we have." In our club, I see a great team with some fabulous talent. I see a great club with a wonderful track record and enormous potential. I see success measured in every effort made by every Rotarian. We measure our success through the Rotarian creed, "Service above self". It is the very ratio that measures the good in persons and the potential to do good for others. I see a dynamic club because the whole is greater than the sum total of its dedicated members and their incredible talents. And the measure of our club's net worth is an infinitesimal as are all of the possibilities available to each and everyone one of us. Godspeed in your Rotary travels, in all of your life's pursuits and in the very dreams that are the essence of you ----Coach Pete

**Announcements**

1. Janet Kelly reminded everyone about the raffle for Children's Fest to benefit the Children's Rehabilitation Centre and the Children's Safety Village.
2. Walter Willms reminded everyone about 'Meet the Governor Night' in Harrow on Tuesday, June 27th.
3. Norm Wheeler announced, and Kay Curtis presented her husband, Christopher Curtis, with a Paul Harris Fellow.
4. President Peter announced that Bev Lounsbury is still at Malden Park and, hopefully, will be coming home this week.

**Programme**

Chris Curtis, a full-time children's author, was our guest speaker. He is married to Kay, who is a member of our Club, and they have two children, Steven and Cydney. Chris is a truly accomplished speaker also. He joked with the audience and was able to make us all laugh. He spoke of his early days working at the GM plant in Flint. To keep his mind busy, he started to put his thoughts on paper. He played on a travelling basketball team that took him to Hamilton which is where he met Kay. He told us about their courtship and how she encourage him to write. He entered writing contests but was not successful, but his talent to tell stories about his childhood experiences was recognized by one of the major publishing houses. He has now written three books. Christopher Curtis believes in following your dreams.

## SING SONG

### Ain't We Got Fun

Every Monday is a 'funday'  
at Rotary.  
The President is non-essential  
at Rotary.  
He chairs the meeting,  
He shatters the gong,  
He takes a beating  
when things go wrong.

Even if the music's awful  
Don't we have fun.  
And the raffle is unlawful,  
Still we have fun.  
There's nothing surer  
The pot gets rich and the potters  
poorer.  
In the meantime  
In between time  
Ain't we got fun.

Words by Alan Buchanan

### R-O-T-A-R-Y

R-O-T, A-R-Y, that spells Rotary;  
R-O-T, A-R-Y is known on land and sea;  
From north to south, from east to west,  
They profit most who serve the best;  
R-O-T, A-R-Y, that spells Rotary.

R-O-T, A-R-Y, that spells Rotary;  
R-O-T, A-R-Y, is one great family;  
Where friendship binds for  
our uplift,  
Where each one strives their best to give,  
R-O-T, A-R-Y, that spells Rotary.

## THANK-YOU !

Thank you for your sponsorship of a concert in the Windsor Symphony Orchestra's Educational Concert Series.

The support of our donors is ever more important, as it allows the WSO to continue to offer thrilling programs of orchestral music and spectacular guest artists, season after season. The 2006-07 season's theme 'IMAGEine' will bring the world's greatest hits to our stage, in a very unique collaboration with the Art Gallery of Windsor.

The WSO is very active in its community. The new Windsor Symphony Youth Orchestra was very successful in its inaugural season. Our family and youth programs were expanded once more this past season: the brand new Peanut Butter n' Jam series which provides musical enjoyment for toddlers, and the existing Family Jamboree series has also grown. The extensive Educational programs will contain separate programs for grades 1-4 and 5-8, and be going as far afield as Sarnia, for the third year in a row, and the Music Therapy program has been fully implemented.

Many, many thanks once more - for your continued support of all our endeavours, and also for your belief in the cultural enrichment that your Orchestra brings to the community.

Sincerely,  
Mina Grossman Ianni, Director of Development
