Today's Program
August 27, 2007

'CHALLENGES IN DEVELOPING CHEMOTHERAPY AND NEW HOPE'

Speaker: **Dr. Siyaram Pandey**
Chemistry & Biochemistry Professor, University of Windsor

LAST WEEK'S PROGRAM

Danielle Breault Stuebing, from the Rotary Club of St. Clair, talked to us about the 'Practical Approach to Promotion' and informed us of different strategies and tactics to help us achieve the goals we set by using the media. She suggested that the Summer time is a great time to get a story in the news. Then she reminded us that public relations are the duty of all Rotarians: everyone has a role from wearing a Rotary pin to sharing the good work that Rotary does. She then gave us pointers on how to win the Frank Devlyn award, an award which her club has won five years in a row.
